MINI
DIMENSIONS

Vita-mix 2 Speed Blender

This 2 speed blender is an all stainless steel enclosed blade assembly with sealed ball bearings. This machine's specially designed clear polycarbonate container is virtually unbreakable and lets you see the contents inside. With Vitamix you have a metal to metal drive coupling for high speed production and can blend as little as 4 oz. with the same consistency and quality as a full load. The motor is thermally protected which prevents burnouts causing it to temporarily shut down. This 2 speed blender is easy to clean and has moisture shielded switches on the front panel.

SPECIFICATIONS:

- 2+ peak hp motor
- High Speed: 37,000 RPM bare motor speed

DIMENSIONS:

64 oz. – 7 1/4" x 8-3/4"D x 20" H
with lid

(18.5 cm x 22 cm x 51 cm with lid)

Bunn CWTF 15 APS Airpot Coffee Brewer

This airpot coffee brewer brews 3.8 to 7.5 gallons of perfect coffee per hour (14.4-28.4 liters). This model has a hot water faucet available as well as a pourover feature. The pourover function comes standard on all the CWTF models. A digital timer is also included on this model which allows you to make brew cycle adjustments from the front panel.

With this specific brewer you are able to brew directly into a 1.9 to 3 liter airpot that keeps the coffee conveniently hot and fresh for hours. The airpots are easily transported to remote meeting rooms, breakfast bars, lounges, etc.
